

Down on my luck - A.K.

INTRO: (oboe)

VERSE 1:

Down on my luck; the world's caving in
Dazed, and dazzled; my head's in a spin

VERSE 2:

Stuck in a rut; caught in mid-stream
Struggling, to stay afloat; (I) can't seem to make it to shore
Drifting, downstream; don't know what I'm searching for

VERSE 3:

Ran out of time; chasing my dreams
No gold, at rainbow's end; (oh) no life of ease

BRIDGE 1:

Never planned my tomorrows; didn't dwell on yesterdays
Only lived for the moments, that came my way

BRIDGE 2:

Now with hardships looming; my perspective's changed
How I wish those precious moments, were here to stay

INSTRUMENTAL: (oboe)

VERSE 4:

Energy's low; ambitions lie
Shattered, and battered; hung out to dry

VERSE 5:

With friends by my side (urging me); I'll rise again (breaking free)
Stronger, and leaner; it is just a matter of when
Fighting onwards; but, until then (my friends)

OUTRO:

I'm, down on my luck; Down on my luck; I'm, down on my luck
